

Dear Larry,

As you may have heard, we are having an event on August 7, 2010. We would like to extend a sincere invitation to you so that you may address the crowd at this event. There has been extensive planning to reach the entire community. We will have speakers from the International as well as elected officials and would like you to offer you this opportunity to speak to the body as well as the general public. If you are interested please respond by July 30, 2010.

Very truly yours,

Darrell Lillie

President, USW Local 7-669
